A.G. KAWAMURA, SECRETARY
CALIFORNIA DEPARTMENT OF FOOD AND AGRICULT

THE HONORABLE BOARD OF SUPERVISORS OF LASSEN COUNTY

HONORABLE DIRECTOR AND BOARD MEMBERS:

Pursuant to Section 2279 of the California Agricultural Code, the 2007 Crop report for Lassen County is respectfully submitted. **The values represented in this report are gross receipts of producers, and do not reflect the net income of producers.**

The gross dollar value of all agricultural commodities, including timber production, was \$65,633,696 for 2007. It should be noted that gross value of agricultural commodities does not indicate total value to the economy. A 3X multiplying factor of dollars entering the economy would make Lassen County's agricultural production contribution total \$196,901,088.

The overall crop value for 2007 was down \$7,450,456, primarily due to a 7 million dollar deficit from the Timber Harvest industry. This 56% drop was a huge factor in the overall 11% drop for 2006. Nursery crop production also had a hand in the overall decline due to a decrease in planted strawberry acreage in our county. On a brighter note, field crop production increased by 7.5% in 2007 because of higher commodity prices. It should also be noted that livestock prices remained close to the 2006 totals, being only diminished by \$143,000.

I would like to acknowledge the cooperation of Lassen County farmers and ranchers and other agencies that provided information for this report. I would also like to acknowledge the effort of Craig Hemphill who compiled this year's crop report.

Respectfully submitted,

Jim Donnelly Agricultural Commissioner

Lassen County

Department of Agriculture

Personnel

Jim L. Donnelly, Agricultural Commissioner
Craig A. Hemphill, Supervising Biologist
Tina M. Hilburn, Agricultural Biologist II
Dan E. McDonald, Building and Maintenance/Weed Spray
