

Agricultural Production Report

SANTA BARBARA COUNTY

2006

The cover . . .

. . . depicts scenes from some of the county's Certified Producers' Markets, popularly known as a Farmers' Markets. These markets provide a place for farmers to sell their products directly to the public. A wide variety of fruits, vegetables, and nursery products are available at these popular venues.

The photographs for the cover of this year's report were taken by Maria Grijalva.

Agricultural Commissioner's Office

Weights & Measures ■ County of Santa Barbara

William D. Gillette
Commissioner / Director

April 16, 2007

The Honorable Board of Supervisors

Santa Barbara County

and

A. G. Kawamura, Secretary

California Department of Food and Agriculture

I am pleased to submit the 2006 Santa Barbara County Agricultural Production Report. This annual report presents statistical information on the acreage, yield, and value of Santa Barbara County agricultural products.

Agriculture continues to be the County's major producing industry. The 2006 gross production was valued at \$1,016,735,144. This is a \$19.1 million (2%) increase in gross value when compared with the 2005 figures and is the first time agriculture has broken the one billion dollar benchmark.

Santa Barbara County's diversified agriculture continues to provide a strong base for our local economy. Through the multiplier effect, it has a local impact in excess of \$2 billion dollars.

It must be emphasized that the values in this report are gross values and in no way reflect net income. All of the various costs of production must be subtracted to determine the net income.

I wish to express my appreciation for the cooperation of all the growers, organizations and individuals who provided the information necessary for this report and special thanks to the members of my staff, particularly Maria Grijalva, who worked so hard at compiling it.

Respectfully submitted,

William D. Gillette

William D. Gillette
Agricultural Commissioner

This year's report is dedicated to Mike Roberts, 30-year employee of the Agricultural Commissioner's Office. Mike passed away in 2006 after a courageous struggle against cancer.
