

Water Resources Workgroup

Feb. 1, 2012

Proposed Agenda

- Introductions and getting started (8:45 – 9:00)
- How do we want the Water Workgroup to be organized? What should be the role of the workgroup? How do we recruit members whose main program emphasis is not water, but do work with water? (15-30 minutes) (9:00 – 9:30)
- Update on UCCE Water positions (15 min) (9:30 – 9:45)
 - Delta Crops Resource Management Advisor
 - Water Management Specialist
 - New positions
- Technical session - Fundamentals of Pumps – Blaine Hanson (30 minutes) (9:45 – 10:15)
 - Proposed to be done jointly with the Landscape Workgroup

BREAK (15 minutes) (10:15 – 10:30)

- Technical session – Update on Nitrate Report – Thomas Harter (15-30 minutes) (10:30 – 11:00)
 - Proposed to be done jointly with the Landscape Workgroup
- Discussion of proposed projects for ANR Initiative process (60 min) (11:00 – Noon)
 - Discussion of what projects are needed
 - Other national priorities – Doug Parker & Mary Bianchi
 - Chance for folks to inform others of what Initiative proposals they are planning and interest them in being part of the project.
 - Discussion of educational efforts that the Workgroup could work on together.
 - Could be Initiative Proposal or other support.
